

Graduate Student Research Orientation Form

Name of Student: _____

All new graduate students in the Department of Microbiology and Immunology are required by the Graduate Program Committee to schedule meetings with each graduate faculty member in the Department in order to become knowledgeable regarding their research programs. These meetings will help you to become acquainted with the faculty and will aid you in choosing internship mentors and advisors. This form should be used to document your meetings with graduate faculty members.

Following is a list of Microbiology and Immunology graduate faculty members. Please have them sign the form following your meeting with them. When complete, please deliver the form to the Graduate Program Committee, via Dr. Md Motaleb, Graduate Program Committee Chair.

Name	Office	Meeting Date	Faculty Signature
Dr. Shaw Akula	5N 96E		
Dr. James Coleman	BT 126		
Dr. Richard Franklin	4N 48A
